PROFESSIONAL SUMMARY

Front-End Developer with **2 years** of experience building responsive, high-performance user interfaces using **React.js**, **JavaScript (ES6+)**, **HTML5**, and **CSS3** — with working proficiency across the full stack, including **Node.js**, **MySQL**, **Git**, **GitHub**, and **WordPress**. Proven track record: improved Lighthouse performance scores from 72 to 94 and reduced page load time by 35% through code splitting and lazy loading. Skilled in **REST API** integration, **cross-browser compatibility**, and **responsive UI/UX implementation**. Seeking to bring strong front-end craftsmanship and full-stack versatility to a front-end development role.

TECHNICAL SKILLS

Front-End: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Design

Back-End & APIs: Node.js, Express.js, RESTful APIs

Databases: MySQL, MongoDB

Version Control: Git, GitHub

Mobile: Flutter

Core Competencies: Full-Stack Development, Cross-Browser Compatibility, Performance Optimization, UI/UX Implementation, API Integration

CMS: WordPress

PROFESSIONAL EXPERIENCE

Web Developer

Sep 2024 – Present

Sangreem Media LLP (Sanmarg Pvt. Ltd.) — Kolkata, West Bengal

- Built the front-end interface for an in-house **Employee Attendance Management application** using HTML5, CSS3, JavaScript, and Bootstrap, using **Git** for version control while collaborating with a **backend** developer on **MySQL** data integration, hosted on cPanel
- Built mobile-first **Shorts News application** UI using Flutter, delivering real-time content updates to 10,000+ daily active users with sub-200ms API response times
- Rebuilt front-end templates and page structure while migrating **Tehelka.com's** WordPress site to a local server environment, improving editor workflow efficiency by 25% while conducting code reviews across 15+ feature releases
- Edited and customized front-end page layouts on WordPress for **Aparajita Sanmarg**, ensuring mobile responsiveness across devices and maintaining content accuracy and design consistency across site updates
- Developed a responsive front-end for a **Photography Contest/Scholarship** web page for Sanmarg using HTML5, CSS3, and Bootstrap, enabling efficient submissions and ensuring cross-browser compatibility
- Developed custom, responsive webpages for an **in-house application** using core HTML5, CSS3, and JavaScript, conducting cross-browser testing and debugging to support ongoing site feature releases

PROJECTS

Coffee-Webpage

Sept 2025 – Oct 2025

React.js, Node.js, Express.js, MongoDB

- Developed end-to-end e-commerce application with user authentication, product catalog, shopping cart, and order management
- Designed RESTful APIs using Express.js for CRUD operations, handling concurrent requests with 99.5% uptime
- Optimized MongoDB database queries to support 1,000+ products with sub-100ms query times

Real-Time Weather Application

Nov 2025 – Dec 2025

React.js, OpenWeatherMap API, JavaScript

- Built dynamic single-page application integrating third-party weather API with automatic geolocation detection
- Optimized API calls using debouncing techniques, reducing unnecessary network requests by 60%

EDUCATION

Diploma in Mechanical Engineering

2015 – 2018

Elite Institute of Engineering and Management — Grade: A+

Higher Secondary

2014

Rajballavpur High School — 66.6%

Secondary

2012

Rajballavpur High School — 60.2%

CERTIFICATION

HTML, CSS & JavaScript Certification

Jan 2024 – Jun 2024

Great Learning

React Full Stack Developer Course

Mar 2025 – Sept 2025

EME Academy (8 Months) — React.js, Node.js (Express.js), MongoDB
